

Consent to Disclosure of Tax Return Information Under IRC Section 7216 Disclosure Consent Requirements

E-Commerce.One, accessible at www.e-commerce.one, provides nonresident tax preparation services, assisting international students and temporary workers in the U.S. with filing their Nonresident Federal, State, and FICA tax returns, as well as applying for an ITIN. Due to the international nature of our clients and their tax needs, E-Commerce.One employs a global team of tax specialists to ensure accurate tax calculations and the proper application of international tax treaties. Our online tax preparation software is developed and maintained by E-Commerce.One and serviced by our international team of tax professionals and software developers.

To comply with IRS regulations and U.S. federal law, we request your consent to allow E-Commerce.One to share and store your personal data, including your Social Security Number (SSN), employment details, and tax information, with our international tax team to ensure your tax return meets all compliance requirements.

Federal law mandates that this consent form be provided to you. Unless permitted by law, we cannot disclose your tax return information to third parties (our international partners are classified as third parties as they are employed by E-Commerce.One partners rather than directly by E-Commerce.One) without your explicit consent, except for purposes related to tax return preparation. If you consent to this disclosure, federal law may not safeguard your tax return information from further use or distribution. This consent is entirely voluntary; however, E-Commerce.One may decline to provide services or modify service terms if you choose not to sign this form. If you agree, your consent will remain valid for 12 months.

By providing consent, your tax return information, including personally identifiable details such as your SSN or ITIN, may be disclosed to a tax return preparer located outside the United States. Both the U.S.-based tax preparer disclosing your information and the international tax preparer receiving it comply with data protection and security measures under 26 U.S.C. Section 7216 to ensure privacy and prevent unauthorized access to your tax return information.

If you consent to this disclosure, U.S. federal agencies may not have jurisdiction to enforce U.S. laws protecting the privacy of your tax return information against an international tax preparer. If you agree to allow E-Commerce.One, through our online tax preparation software, to share your tax return information with E-Commerce.One staff and partners for tax preparation assistance, please check the consent box on the registration page.

If you believe your tax return information has been improperly disclosed or used unlawfully without your authorization, you may contact the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484 or via email at complaints@tigta.treas.gov.

For any questions regarding this disclosure agreement, please email info@e-commerce.one. Additionally, if you wish to discuss any of the points raised in this disclosure agreement, please email info@taxfrom.us.
